First Citizens' Federal Credit Union to Relocate Downtown Branch in 2017

January 5, 2017 – First Citizens' Federal Credit Union announced today that it will relocate its downtown New Bedford branch from 271 Union Street to 468 County Street. The credit union is purchasing approximately 2,600 square feet. The new location will provide greater visibility and improved parking for credit union members. The friendly local staff will remain the same, but the branch is being designed to better serve our members and the community of Downtown New Bedford with updated technology and comfortable spaces to review finances and open accounts in addition to a separate lending office and an Interactive Teller Machine (ITM).

"We know that having convenient locations are highly important to our members, and the location of a branch remains a key factor in banking relationships. We're pleased to offer a high level of service to our loyal members at our new, prominent County Street location next Spring." said Peter Muise, President & CEO of First Citizens'.

The Downtown New Bedford branch is slated to open in the new space in Spring 2017.
